ACCOMMODATION

WE ARE still attempting to find a hotel that can serve as an 'unofficial official' SouthPole-*sium* hotel. We are awaiting word from the University Club about a small block of rooms. Check our website from time-to-time to see if progress on this is being made.

You may be on your own to find accommodation either in hotels, B&Bs, Airbnb, etc.

SOMETHING ABOUT YOU

ONE OF THE MAJOR purposes of the SouthPole-*sium* is to get people with similar Antarctic interests together with one another. Toward that end, please let us know why you're attending. What is it about the Antarctic that interests you? What polar projects are you working on or are contemplating? What are you willing to talk about or show at the SouthPole-*sium*? What do you hope to take away with you? What questions would you like to pose to those attending? We will do our best to summarize the responses in a handout for the gathering. (Feel free to use additional sheets or e-mail your answers.)
